Thanks for your interest and support for the Washington DC Metropolitan Chapter of AWIS!

President: Lisa Nichols

A Network
A Resource
A Voice

The Washington DC Metropolitan Chapter is committed to supporting the advancement of women in science and science-related fields by providing **opportunities** to participate in **professional networking, mentoring, and leadership activities.**

The Benefits of Joining... the Association for Women in Science (AWIS)

AWIS is a national organization with over 70 chapters, which together, provide a national network of 2600 women in science-related fields. Strong ties between AWIS national and its local chapters provide continuity for members who are relocating, travel frequently for work, or who work in multiple locations across the United States.

AWIS-National is politically active and provides opportunities for members to be informed about, and active in, issues relevant to the status of women in the sciences.

and the Washington DC Metropolitan Chapter

The Washington DC Metropolitan Chapter provides networking, educational, and career-building opportunities through regularly scheduled events.

The Washington DC Metropolitan Chapter provides opportunities for active members to take on leadership roles within the chapter and within AWIS-National.

The Washington DC Metropolitan Chapter has a strong communication network. Visit our website and let us know if you want to be a part of our network. Keep involved with email alerts, monthly newsletters and events.

Unique Opportunities for Chapter Members

Interested in Science Funding?

Decision-making bodies are right here in the Nation's Capital. The Chapter has events that take you "to the Hill" or to decision makers in the Executive Branch.

Interested in Non-Profits?

Washington is the home of organizations representing all scientific disciplines including conservation and the environment, chemistry, physics, mathematics, economics, medical specialties, life sciences, and health care. The Chapter has joint events with these groups.

Interested in Policy?

Chapter members have opportunities to meet with present and former staffers from both houses of Congress.

Interested in the History of Science?

Washington has many excellent museums dedicated to science. The Chapter provides opportunities to attend lectures and view exhibits with behind-the-scenes tours.

Interested in Cutting-Edge Research?

Washington is home both to national research facilities and private companies that provide a wide array of employment opportunities. The Chapter will help you network to achieve your goals.

Membership to AWIS is
affordable and easily
accessible to women in all
areas of science, and all
career levels, including
students.

Chapter Membership cost
after annual dues to AWIS

Regular \$15

Student \$5
